General Secretary to Government
Bangalore

Sir,

I have the honor to state that during his last tour in Dece December 1927, the Dewan observed that the land lying to the west of the Government House at Chitaldrug might be added to the extension laid out into sites and disposed of for building purposes The President of the Municipal Council accordingly made a reference to the Executive Engineer Chitaldrug Division requesting him to place the land at his disposal for the purpose

In the meanwhile some of the Lawyers applied for the grant of sites there and have also credited Rs 2000/- towards the cost of constructing a compound wall to the Government House for separating it from these sites The Municipality is prepared to construct the compound wall as per plan to be furnished by the Executive Engineer

In his letter No 66/1 dated the 14th August 1928 the Executive Engineer of this Division is of opinion that the land might be given away to the Municipality on payment of some amount by the Municipality for defraying the expenses of constructing a compound wall to the Government house

In these circumstances and in view of the fact that the Municipality is agreeable to put up a compound wall to the Government house on the extension side I am of opinion that the land

right be given a free/to le nicipality as provided by the Power
s the President has requested that possession of the land may
immediately be given over to the municipality to arrange for the
alignment of the roads and marking of le sites etc as per plan
furnished by Chief Executive Engineer Military and Town
planning Division and as it is reported that he layers referred
to are anxious to start work immediately I have in anticipation
of Government sanction authorized the Municipal President to take
formal possession of the land lay out the roads etc build the
compound wall and dispose of the sites

I request that my action may kindly be approved at an
early date

I have the honor to be
Sir
Your most obedient servant

Deputy Commissioner
